

Signal Fixtures

Year 2009 marks the design, development and implementation of new G.A.L's signal fixture product line. G.A.L's effort in continuous improvement, product development and urge to satisfy our wide gamut of customer base, defined the introduction of our new "Signal Fixture" line up.

G.A.L's strength of quality, fine craftsmanship and backed by our commitment for reliable, stable and dependable product defines our "Signal Fixture" product line to match world class and top notch standards.

Most of our new designs will be available within 6 months from September 2009.
