

Conversion Kit: Westinghouse **Integral** to GAL **Interlock**

WHH HANGER KIT

EXPANDING GAL'S PRE-ENGINEERED BOLT-ON KIT FOR WESTINGHOUSE INTEGRAL HOISTWAYS

Converts existing Door Hangers for GAL's MO series Interlocks

A few years ago GAL released our WHH hanger kits (see inset above), which allowed for customers to convert existing Westinghouse Integral doors to use our classic "A" Type rollers and provided a new galvanized steel track.

Now we're expanding this series of kits to include GAL MO interlocks and all necessary installation hardware!

BENEFITS

- Includes everything needed to convert the interlocks to GAL parts
 - MO Series Interlocks, Adaptors and Hardware
- Works in conjunction with already released WHH hanger kits or standalone
- Easy to convert. Step-by-step guide provided.
- CSA/UL Certified where applicable
- Used with GAL's LW series of clutches
- Only 1 part number per landing!

STANDARD FEATURES

- Available for center parting, single speed, and two speed
- Kits available with and without reel closers
- Dimensions range
 - Center Opening: 30"-59"
 - Single Speed: 22"-60"
 - Two Speed: 30"-60"
